Unit 6: Human Development and the Continuity of Life

Unit 6 examine the male and female reproductive systems, describe the process of human development and the different stages of pregnancy, and end with a review of the mechanisms of inheritance.

- **27: The Reproductive System**
  - 27.0: Prelude to the Reproductive System
  - 27.1: Anatomy and Physiology of the Male Reproductive System
  - 27.2: Anatomy and Physiology of the Female Reproductive System
  - 27.3: Development of the Male and Female Reproductive Systems
• 28: Development and Inheritance

  ◦ 28.0: Prelude to Development and Inheritance
  ◦ 28.1: Fertilization
  ◦ 28.2: Embryonic Development
  ◦ 28.3: Fetal Development
  ◦ 28.4: Maternal Changes During Pregnancy, Labor, and Birth
  ◦ 28.5: Adjustments of the Infant at Birth and Postnatal Stages
  ◦ 28.6: Lactation
  ◦ 28.7: Patterns of Inheritance
